## P. R. R. Is Prosperous.

Stockholders of the Pennsylvania railroad await with more than ordi-nary interest the declaration of the next nary interest the declaration of the next semi-annual dividend, which is payable the latter part of November. There is a widespread belief that the direc-tors will increase the basis from 6 to 7 per cent. No railroad in the United States has shown as great recovery from the long period of depression than helr system and failure to increase he dividend cannot be excused by a bles of poverty.

the dividend cannot be excused by a plea of poverty.

Income is growing at a rate that leads to the expectation that the exhibit at the end of the twelve-month period on December 31 will surpass all records. Prosperly, which began to manifest itself on the company's lines some months ago, has not abated one whit. In August, for instance, gross of \$15.797,082 increased over \$2,000,000, or 14.7 per cent. After charging maintenance with \$902.322 more than last year, the August net gained \$78,711, or 21.7 per cent.

August closes two-thirds of Pennsyl-

the August net gained \$758,111, or 21.7

Per cent.

August closes two-thirds of Pennsylvania's year, and the company's exhibit for the eight-month period is hardly less striking. Gross of \$112,492,812 shows a gain of 10.4 per cent, and with a \$4,000,000 increase in upkeep, net of \$25,632,008 exceeds that of last year by \$3,041,176, or 12.4 per cent.

Disregarding for the time the factor of upkeep. Pennsylvania's income account for the eight months to August 21, estimating other income and charges, works out about as follows:

1912. 1911.

	1912.	1911.
Net after taxes	\$25,638,048	\$22,596,867
Other income	11,550,000	11,550,000

however. Pennsylvania railroad practically shows its entire 6 per cent dividend earned in two-thirds of its year, and if the remaining four months are not better than last year at least 9 per cent will be shown. Add to this the undivided surplus produced by the Pennsylvania Company last year and Pennsylvania's share balance will surely exceed 16 per cent on the 3453,857,850 stock outstanding.

Southern Increases Revenue. Increase of \$3,245,265.26 in gross operating revenues and \$382,602.37 in net rev

enue are shown in the eighteenth an-nual report of the directors of the Southern Railway Company to the stockholders, made public today. The report is for the fiscal year ended June 0. and the increases are over the figures for the preceding fiscal year. The preferred stockholders also received in dividends \$1,500,000 more than

The preferred stockholders also received in dividends \$1,500,000 more than they did in 1911. This increase was in the form of a reserve for dividend number twenty-four, 2% per cent, payable this month. The total dividends, including this, were \$2,700,000.

The surplus shown by the profit and loss statement as of June 30, 1911, was \$11,445,355.08. After making provision through income for the increase of \$1,500,000 in dividends on the preferred stock and charging to profit and loss the remaining balance of discount on securities, \$1,656,538.54, the surplus as of June 30, 1912, amounted to \$12,756,935.13, a gain of \$2,310,371.06 over the preceding year, the report sets forth.

The directors report that the development of manufacturing is proceeding more rapidly in the Southeastern States traversed by the company's lines than in the United States as a whole, showing, according to the United States Census figures, of 107.68 per cent for 1909 over the figures for 1899. The number

ing, according to the United States Census figures, of 10.68 per cent for 1909 over the figures for 1899. The number of new industrial plants completed during the fiscal year, 1912, at points on the company's lines was 448. An increase of immigration, real estate agencies and colonization companies in the communication that the communication is also reported.

The directors are optimistic over the effect which the Panama Canal opening will have upon the company's business.

effect which the Panama Canal opening will have upon the company's business.

"Increased attention is being given to the development of direct trade with the markets of the Atlantic side of South America," they say, "as well as those that will be reached by way of the canal. During the fiscal year regular steamship service was established between New Orleans and the ports of Rio de Janeiro and Bantos, Brazil, and Buenos Ayres, Argentina; and since the close of the fiscal year regular service has been inaugurated between Mobile, Ala., and the ports of Montevideo. Urugusy, and Buenos Ayres and Rosario, Argentina. The success which has attended the solicitation of traffic for these lines has been such as to encourage the hope that similar service may be established from other ports served by the company's lines."

Col. A. B. Andrews, first vice president, presided at the annual meeting of stockholders at Richmond yesterday and the report of the directors was approved. Colonel Andrews, Robert M. Gallaway, and Fairfax Harrison, whose terms of office as directors expire this year, were unanimously re-elected for three years. John W. Grant, of Atlanta, Ga., was elected to the board to fill the vacancy caused by the declination of re-election by Samuel M. Inman, who had served since 1884.

## WAR NEWS HAS SLIGHT EFFECT ON NEW YORK STOCK MARKET.

NEW YORK, Oct. 8.—Seiling in Lon-don, Berlin, and Paris had its effect to-lay, though traders have hardly formed un opinion as to the market effect of an opinion as to the market effect of the war. More or less severe declines were witnessed on the Paris bourse as a result of the news from the Balkans. Berlin was a heavy seller of Canadian Pacific and that stock lost \$3 from the close yesterday. It is notable, however, that the Hill roads held their own well. London was a seller of Reading, Steet, Union Pacific, and Copper. Reading, Steel, and Union were off a point from yesterday's close, though a fractional recovery was seen at the noon hour.

Reading, Steel, and Union were off a point from yesterday's close, though a fractional recovery was seen at the noon hour.

The effect of the war news seen so slightly on stocks was also insignificant in the grain market, wheat being only a cent higher.

# The Safest Investments Are those that do not fluctuate during dis-turbed conditions of the money or stock mar-tests. First deed of trust notes (first mot-nages), well secured on real estate for the District of Columbia, constitute "gitt-edge" investments. They do not depend upon the financial responsibility of individuals or cor-porations for their stability, and are exempt from taxation as personal preperty. We can supply such investments in amounts from 1509 upward. Send for booklet, "Concerning Loans and Investments."

SOMETIMES A LITTLE PER-SISTENCE IS NEEDED TO AS-SURE THE FULL SUCCESS OF SURE THE FULL, SUCCESS OF WANT A DV E R T 1 SI N G. OF COURSE, IN A MAJORITY OF INSTANCES, YOU'LL FIND ONE INSERTION OF YOUR AD TO BE SUFFICIENT. BUT, AS YOU KNOW, THE FIRST RING OF A DOORBELL IS NOT ALWAYS ANSWERED—EYEN WHEN THE PEOPLE ARE AT HOME. THIS HOLDS GOOD IN WANT ADVER. HOLDS GOOD IN WANT ADVERTISING. BUT THERE IS PROBABLY NO OTHER SORT OF EFFORT IN WHICH PERSISTENCE FORT IN WHICH PERSISTENCE IS SO SURELY AND GENEROUS-LY REWARDED AS IN WANT ADVERTISING.
